

## CREATE

## READ

## UPDATE

The screenshot shows a web application interface for managing employees. A modal titled "Edit Data" is open, allowing the user to update the details of an employee. The modal contains fields for Name, Email, Specialist, and Age. The background shows a table of employees with columns for Name, Email, Specialist, Age, and Action (Edit, Delete).

Employee created successfully.

## DELETE

The screenshot shows the same web application interface. A confirmation dialog is displayed, asking "Yakin untuk hapus data ?" (Are you sure to delete the data?). The background shows the employee table with columns for Name, Email, Specialist, Age, and Action (Edit, Delete).

Employee updated successfully.

localhost says  
Yakin untuk hapus data ?

OK
